

Wonder Grip technology™

Our specifically engineered finishing technology creates a sponge like finish on the coating. This technology creates thousands of small asperities, working like octopus's suction disks. These micro-asperities disperse fluids like water and oil away from the contact surface, allowing for much better controlled grip.

Glass Workers

- * Cut Resistance
- * Ankle Protection
- * Metal Fire, Fiberglass Toe Cap & Kevlar Anti Perforation
- * Heat Resistant Outsole
- * SRC Anti Slip

Volca

- * Protective Over Flap
- * Metal Free, Fiberglass Toe Cap & Kevlar Anti Perforation
- * Heat Resistant Outsole
- * Flame Resistant Upper
- * SRC Anti Slip

Union

- * Fiberglass Toe Cap
- * Steel Anti Perforation
- * Fore, Back Bumpers Against Shock
- * Water Resistant & Very Sturdy Full grain leather
- * SRC Anti Slip

Master Brown

- * Fiberglass Toe Cap
- * Kevlar Anti Perforation
- * Oil Resistant Leather
- * Water Resistant & Very Sturdy Full Grain Leather
- * SRC Anti Slip

Rangeboot

- * Fiberglass Toe Cap
- * Kevlar Anti Perforation
- * Oil Resistant Leather
- * Water Resistant & Very Sturdy Full Grain Leather
- * SRC Anti Slip

Unitan

- * Fiberglass Toe Cap
- * Steel Anti Perforation
- * Fore, Back Bumpers Against Shock
- * Water Resistant & Very Sturdy Full Grain Leather
- * SRC Anti Slip
